HEDLEY PENSIONERS GUESTS AT PENTICTON

Fourteen old age pensioners from Hedley were guests of the Penticton Old Age Pensioners' organization yesterday afternoon in the Senior House, Westminster Avenue. The guests were anxious to look over the city-donated house which is used for social activities as they intend to ask MLA Frank Richter for a similar centre in their own

community. Shown at one of the tea tables are (standing) D. Huddleston and Mrs. C. Wirth, and (seated) P. L. Teetzel, Mrs. E. Armstrong, first vice-president of the Penticton organization, R. McKenzie, president of the Hedley group and Mrs. R. McKenzie.

Scores Failure of Gov't School Cost Sharing Plan

NELSON (CP) — The school finance committee of the Union of B.C. Municipalities says the provincial government's cost sharing formula has failed.

In a report to the UBCM annual conference opening here today the special committee will ask for an expression of "deep concern" over "failure of the education finance formula introduced by the govern-

ment in 1955 to produce the results claimed for it."

This failure was "demonstrated beyond doubt" by the increased demands on taxpayers made in the 1957 school budgets of most municipalities, the report notes.

The report charges the government formula was "unrealistic regarding teachers' salaries, which make up 60 to 70 per cent of ordinary expenditures," and says it called for "large hidden contributions from municipalities."

When the formula was introduced, it called for the municipalities to pay the first 10 mills, the government the rest. But as assessments rose, the government's

share dropped annually.

In addition, Victoria set an arbitrary figure for teachers salaries and refuse to pay its share on any amount exceeding this scale, regardless of the fact most teachers now get far more than they did in 1955.

Therefore, the report charges, the formula "works entirely to the advantage of the government."

Tip Received On Threat To Queen's Life

LONDON (CP) — A report circulated in London last night that Scotland Yard has received a tip of a possible threat to the life of the Queen during her visit to Canada and the United States next month.

The information is understood to have been given to security officers by Lady Patricia Fairweather, 41, sister of the Earl of Incheape. It was based on a conversation she overheard during a recent visit to Barcelona, Spain.

Officials at Scotland Yard refused to confirm or deny the report. Said a Yard spokesman "We don't discuss security matters."

Britain to Buy More B.C. Apples

KELOWNA (CP) — Two United Kingdom fruit importers touring North American apple-growing centres, promised Tuesday that more British money will be spent in Canada than in the U.S. buying fruit in the future.

Thomas Morgan of Glasgow and Harold Holt of Liverpool, director of the Fruit and Produce Exchange of Great Britain Ltd., also predicted that cell packing of apples will become standard for all varieties in the future.

Together with Tom Duthie of Portland, Ore., they said they were enthusiastic about the pack, adopted only last year by B.C. Tree Fruit.

The United Kingdom representatives said the Canadian order would consist mainly of McIntosh. "B.C. apples — particularly McIntoshes — are held in high esteem by the British people," Mr. Morgan said.

Apple Crop Set At 5,895,000 Boxes

KELOWNA (CP) — Revised estimates by the B.C. Department of Agriculture indicate that the Okanagan apple crop will total about 5,895,000 boxes.

In the Kelowna area the harvest is expected to be approximately 1,700,000 boxes.

A new estimate of the Okanagan year crop places it at 705,000 boxes.

Asks Federal Aid for Road Construction

EDMONTON (CP) — Clarke Simpkins of Vancouver, president of the Federation of Automobile Dealers Association, wants federal leadership and financial aid for a national highway construction policy.

Mr. Simpkins, here to address the Alberta Automobile Dealers Association annual convention opening today, made the suggestions in an interview Tuesday night.

A single Trans-Canada Highway is not the answer to the country's highway problems, Mr. Simpkins said.

What was needed is a full network of highways built with federal aid for highway programs.

Russia To Extend Five Year Program

LONDON (Reuters) — Moscow radio announced today that Russia's current five-year plan, which has three years to run, will be extended beyond 1960.

The announcement said that the remaining three years are not sufficient to cope with the huge tasks faced.

Hoffa Indicted on Charges of Perjury

NEW YORK (AP) — James R. Hoffa, vice-president of the Teamsters Union, was indicted by a federal grand jury today on five counts of perjury.

The indictment charged that the 44-year-old union leader, a candidate for the presidency of the teamsters to succeed Dave Beck, lied to a grand jury during its probe into alleged wiretapping of teamster union headquarters in Detroit.

The grand jury also indicted Benjamin Franklin Collins, secretary-treasurer of local 290, which is headed by Hoffa. It accused him of 12 counts of perjury in connection with the same investigation.

JAMES HOFFA

Higher Lake Level Due To Oroville Dam

OSOYOOS — Suggestion that provincial inspection of natural gas system installations be postponed for a while drew objections from Commissioner E. R. Gaertner at the regular village commission meeting.

The provincial government gas inspection division asked the village to permit turning-on of natural gas after inspection by natural gas company officials only.

Commissioner Gaertner felt that inspection by the more experienced government officials was also necessary before gas is turned on.

Okanagan Flood Control authorities advised they could do nothing about the higher level of Lake Osoyoos unless the sawmill dam gates are lowered at the south end of the lake near Oroville. The lake is now about one and a half feet higher than usual.

Pipe-laying for the underwater crossing to East Osoyoos has begun as part of the waterworks extension. Councillors believe, however, that a carload of transit pipe for the extension has been waylaid and are having railroad officials trace the car.

Trustees to Hold Annual Meeting in Kamloops Next Year

VICTORIA (CP) — The B.C. School Trustees Association decided Tuesday to hold its 1958 convention in Kamloops.

Kelowna also had asked for the convention, backing the invitation with literature.

The convention Tuesday passed a resolution asking the government to share in the cost of medical services plans currently being written into teacher and lay staff contracts. At present, in effect, these costs are carried entirely by the school boards.

Search Resumes For Survivors

HAMBURG, Germany, (AP) — A sea and air search continued today for survivors of the hurricane-hit German sailing vessel Pamir.

At least six of the 86-man crew have been rescued.

In the Azores, closest to the scene, there were rumours that 40 or more survivors had been found, but there was no confirmation and the reports were largely discounted by advices reaching Hamburg.

Rumours received in the Azores during the night also said two floating objects had been sighted in the area where the Pamir was last heard from Saturday. They said both objects were believed to be lifeboats, one with several persons aboard.

Troops Use Armed Force in Race Fight

"Our Enemies" Gloating Says Ike in Appeal

WASHINGTON, AP — President Eisenhower said Tuesday night that "our enemies" abroad are gloating over the school segregation tribunes in Little Rock, Ark.

He appealed to citizens of Arkansas, "to assist in bringing to an immediate end all interferences with the law."

The chief executive went on the air to explain to the American public why he had ordered federal troops into Little Rock in order to enforce his command that persons he said were obstructing justice must cease and desist, and disperse.

"In that city," Eisenhower said, "under the leadership of demagogic extremists, disorderly mobs have deliberately prevented the carrying out of proper orders from a federal court."

Gagliardi Labels Constables as "Couple of Punks"

SASKATOON (CP) — B.C. Highway Minister P. A. Gagliardi today described reports he was driving at 85 to 100 miles an hour when stopped recently by RCMP as "a pack of trash" and said the officers who flagged him down looked like a "couple of punks."

"They were coming up behind me in a Pontiac and they weren't even wearing ties. They tried to pass me on a curve. I was going about 60 miles an hour," the minister said in an interview.

Mr. Gagliardi, here to attend a Good Roads convention today, said the incident occurred last month when he was testing curves on a stretch of new B.C. highway between Savona and Kamloops.

He paid a \$10 fine Sept. 10 in Kamloops.

Violence Erupts in Montreal Election

MONTREAL (CP) — Opponents of Mayor Jean Drapeau attacked with chop suey and brick Tuesday night in the first incident of Montreal's Oct. 28 municipal election campaign.

The brick was thrown from a passing car, reports said, and smashed out a window in the committee room of the mayor's party, the Civic Action League.

The car returned and several men jumped out, took careful aim through the broken window with a container of chop suey, and scored a direct hit on a large picture of the mayor on the wall inside.

ARMED TROOPS TAKE OVER

Moving swiftly, armed paratroopers with bayonets ready escorted nine Negro students into Central High School today at Little Rock, Ark. The paratroopers kept yelling to clusters of spectators, "Back, back on the sidewalk." And they enforced it as they had done with bystanders earlier. The tense scene was not without violence. In two incidents, one man was clubbed and another stabbed in the arm by the soldiers.

Union Asks Bennett To Help in Dispute

Premier W. A. C. Bennett is being asked to intervene into disruption of wage negotiations between Okanagan Federated Shippers and the Federation of Fruit and Vegetable Workers' Unions as a result of an application from Teamsters Union Local 48 to have the Federation declared not a trade union.

A resolution asking the premier's assistance was passed at a special session of the Federation's executive council yesterday.

The resolution notes that the Labor Relations Board has refused to appoint a conciliation officer to assist in the negotiations "because of the latest manoeuvre of the Teamsters."

It charges that the Labor Relations Board "has too readily fallen in with moves of the Teamsters Union to destroy the bargaining power of the Fruit and Vegetable Workers' Unions despite the Supreme Court judgement in our favor."

The resolution declares that because of "similar action by the board last year," employees in the fruit and vegetable industry of the Okanagan and Kootenays, are receiving wage rates 20 cents to 35 cents per hour out of line with other industry rates.

The resolution, copies of which are being forwarded to the minister of labor, the labor relations board, and Similkameen MLA Frank Richter as well as Premier Bennett, asks that a conciliation officer be appointed immediately to assist in the negotiations with Federated Shippers.

Federation Business Agent A. L. Kanester, commenting on the resolution, said his union would meanwhile continue negotiations with the Federated Shippers because both parties have agreed that negotiations must be carried on in an attempt to reach a reasonable settlement on wages and other conditions, whether or not the services provided by the Labor Relations Act are available.

"We want to get on with the job of negotiating wage increases and better conditions for the workers," Mr. Kanester continued. "This is the task that must come first. Jurisdictional squabbles should be left in abeyance during this primary responsibility of all unionists."

MOSCOW, (AP) — The Soviet Union says it has smashed a subversive ring in Latvia and arrested a master spy from the United States.

A communique issued Tuesday by the committee for state security said the spy was C. P. Bromberg.

Two Hurt In Clash

LITTLE ROCK, Ark., (AP) — Hard-eyed paratroopers, in battle dress and with bayonets at the ready, brought nine Negro students quietly into Central High School today in a new climax to the hate-filled struggle over integration in Little Rock.

One man was clubbed and another stabbed in the arm by the soldiers in fights that followed.

A few white students left the school after the Negroes entered, but there was no sign of a mass exodus. A school official said 1,250 students were in class today, making 750 absentees. It was 50 more than Tuesday when it was known the Negroes would not appear.

In an arc two blocks wide around the high school, the paratroopers kept breaking up clusters of people, moving them back, herding them onto porches and keeping the area clear.

They moved with swift purposeful actions.

TWO MEN HURT — It was in these operations that the two men were injured. C. E. Blake, 46, a railroad employee, tried to grab a paratrooper's rifle, soldiers said. The trooper, quickly reversing it, struck Blake over the eye with the butt. He fell to the street but did not appear seriously injured.

Paul Downs, of Springfield, Ark., got a bayonet cut in the arm apparently when he was too slow in obeying an order.

Jess Matthews, principal of the high school, reported "everything is calm inside the school and education is proceeding normally."

Young Liberals To Meet Here On October 25

VANCOUVER, (CP) — British Columbia's Young Liberals will meet in Penticton Oct. 25-27 for what is expected to be "one of the most controversial conventions in years."

"We'll be dealing with a great many highly contentious resolutions from all over the province," an executive member said today.

The party's faltering leadership will be one of the hottest issues. The Young Liberals will try to assess the blame for their party's defeat in the last federal election and its poor showing in recent provincial contests.

B.C. Liberal Leader Arthur Laing, defeated twice at the polls in the last year, will be on hand to hear whatever harsh words the party's junior wing has for him.

Road Building To be Discussed At Convention

SASKATOON (CP) — Progress and problems of road building and maintenance across Canada will be outlined and discussed at the Canadian Good Roads Association annual convention which opens here today.

A feature of today's session was the "roads round-up," reports on progress and problems of road building and maintenance in each province, by the deputy ministers.

Hon. P. A. Gagliardi, CGRA president and British Columbia's highways minister, will present his annual review at the morning session.

It is he will outline CGRA objectives to preserve the co-operation of its members to reach agreement on geometric and structural design standards to promote convenience, economy and safety of traffic and to agree "among ourselves" on the kind and quantity of roads that will carry traffic among the provinces.

Ontario Chief Justice Resigns

OTTAWA (CP) — Hon. W. J. Plock up has resigned as chief justice of Ontario. It was learned here Tuesday night.

An order-in-council has been passed accepting the resignation which Mr. Plockup submitted earlier this month. Mr. Plockup, 65, gave ill health as his reason.

His successor has not been announced.

KALEDEN GIRL GRADUATES FROM RCAF COURSE

Airwoman 1st Class Edna Fryer, daughter of Mr. and Mrs. D. B. Fryer, Kaleden, prepares to release a weather balloon used in training at the RCAF Meteorological School at Trenton, Ont. AWL Fryer, recently graduated from the meteorological observer ten week course, will take up her new duties at RCAF station Comox.

WOMEN WIN THEIR BATTLE TO SAVE OLD TREE

These seven determined women frustrated the attempt of workmen to cut down a 75-year-old elm tree on Wolsey Ave., in Winnipeg which had been ordered removed by the city council. The women surrounded the tree and refused to budge when the workmen arrived with saws and axes. The tree, the women admit, slows down traffic on the thoroughfare, but that's the way they want it.

Claims GATT Impeding British Trade Program

MONTREAL (CP) — Lord Balfour of Inchyre said Tuesday the General Agreement on Tariffs and Trade is impeding British trade with the Commonwealth.

Lord Balfour, president of the Empire Industries Association and the British Empire League for the Development of Commonwealth and Empire, made the statement in a speech to the Montreal Rotary Club. He expressed the hope that his statements would attract reaction prior to the forthcoming conference of Commonwealth prime ministers at Mont Tremblant, Que.

"Since GATT we in Britain have never been able to make other

Commonwealth countries, a worthwhile offer," he said.

SEEKS SWITCH

He called for a switch in British trade emphasis from the European free trade area to the Commonwealth. Otherwise Britain ran the risk of undermined home markets.

The Commonwealth will go on growing, and it is Britain's duty "to make sure she stimulates and shares in the growth," he said.

He outlined four steps Britain must take to find the proper economic path.

"1. We must concentrate on an economic policy of home market first, Commonwealth second and Europe third — not Europe equal or Europe second.

"2. We should denounce those restrictive clauses of GATT which limit our freedom to grant and receive preferential treatment.

"3. Our approach to any European trading area proposal is not Britain alone, but as far as possible, a Commonwealth approach.

"4. Consider setting up some form of permanent Commonwealth economic liaison machinery which, while not encroaching upon the absolute independent and executive functions of our respective governments, would create a means for exchange of economic information, examination of economic policies and make suggestions for mutually advantageous short or long-term agreements."

Farm Produce Import Scored

NANAIMO (CP) — District "A" Farmers Institute of Vancouver Island and the Gulf Islands have gone on record asking for government support against import of farm produce that competes with British Columbia produce.

A resolution, sent to the B.C. Farmers' Association for consideration at the November convention, asks that an import licence system be extended to all kinds of farm produce as needed to keep supply and demand in line.

Farmers also asked the government to give assistance with drainage similar to the assistance given under the Land Clearing Act.

F. J. Hill of Cobble Hill was re-elected president and other officers are George Nisbet, Cobble Hill and J. H. Wheeler, South Saanich, first and second vice-presidents. Miss M. Melrose of Cobble Hill is secretary-treasurer.

Civil Defence can teach every Canadian how to save himself from deadly radioactive fallout—if every Canadian is willing to learn.

Nasser Offers Arms To Pro-West Tunisia

CAIRO (AP) — President Nasser has moved to extend his influence westward in North Africa with an offer of arms to pro-Western Tunisia.

Tunisia's ambassador to Cairo, Alayeb Al Sahbani, said today the offer had been accepted. But government sources in Tunis declined to confirm or deny the report.

They said, however, a Tunisian-Czechoslovak commercial accord was scheduled to be signed today and it "might also provide for arms."

The ambassador also announced that President Habib Bourguiba of Tunisia will visit Egypt later this year and that Nasser has accepted an invitation to visit Tunisia.

Nasser and Bourguiba have not been on close terms in the past. Moves toward friendlier relations came after Bourguiba ousted the Bey of Tunis and became president of the Tunisian Republic last July.

Egypt has received Communist-bloc arms in the last two years and now has surplus of obsolete British, French and U.S. military equipment.

Tunisia, which won independence within the French union last year, has been seeking arms for its 6,000-man security force.

Washington reports earlier this month said formal requests had been made for U.S. weapons for defence against what the Tunisians call border attack from French forces in neighboring Algeria.

Praises Work Of Trustees

VICTORIA (CP) — Trustees working on a voluntary basis are making an outstanding contribution to education in British Columbia, Dr. N. A. M. Mackenzie, president of the University of B.C., told a luncheon meeting of the B.C. School Trustees Association at the Crystal Gardens.

Their contribution is a joint one — to education generally and to their own communities specifically, Dr. Mackenzie said.

He declared education is a "totality" and said it is important that all who work in it, at whatever level, know what the others are doing. It could not be regarded in one aspect alone, but as a whole picture. Those in it must be interested in what all others in it were doing.

Greetings were received from a variety of individuals and groups, among them Education Minister Peterson; Ald. A. I. Curtis, city of Victoria and Union of B.C. Municipalities; H. N. Parrot, B.C. Teachers' Federation; Mrs. W. V. McDonald, B.C. Parent-Teachers' Federation; Mrs. Van Murphy, Canadian School Trustees' Association; F. E. Anfield, assistant commissioner, Indian Affairs; C. B. Parke, director of special studies, Central Michigan College; and Dr. M. E. Lazerte, dean of education, University of Manitoba.

CAMEO CAMERA CLICKS

By: HUGO REDIVO

We're devoting a few words this week to the beginning photographer who has come to a sudden realization that sparkling landscapes which have been shot from time to time are missing an ingredient which seemed very eye-catching at the time the pictures were snapped. We're speaking of clouds, of course, and if your prints reflect a parade of dull, empty skies it's high time you got acquainted with filters.

Aside from improving cloud pictures, filters serve many purposes. Some aid in providing more attractive textures, as of skin, stone and fabrics. Others are used to penetrate haze, to reduce reflective glare from glass, water and other surfaces. As a matter of fact, it's high time that the amateur lensman discovered that the only important filters are not on cigarettes.

It's also high time that you folks discovered the type of camera values to be had these days at CAMEO PHOTO SUPPLIES, 464 Main St. Take the Samosa 35 camera, for example; at \$29.95, this is a whale of a buy. See it today at CAMEO PHOTO SUPPLIES and compare feature by feature with other makes you're considering. Phone 2616.

Safety Measures Urged After Pipeline Explodes

PORTAGE LA PRAIRIE, (CP) — Three explosions in six days on the Manitoba section of the trans-Canada gas pipeline brought demands Tuesday for added safety measures.

No one has been injured and no buildings have been damaged in the explosions.

But some farm residents, alarmed by the spectacular blasts and fires, have complained they were not notified of the tests.

The third explosion on the newly laid pipeline was blamed by a company spokesman Tuesday on the pipe coming apart at the seams while being tested with natural gas under pressure. The same cause was given for the previous blasts.

No gas is yet being distributed to Manitoba consumers.

The explosion, five miles south of here, ripped up 390 feet of 34-inch pipeline, shook windows on

the city's south side, sent flames about 500 feet into the air and scorched trees, shrubs and earth over a wide area.

REPAIRS UNDERWAY

The section was expected to be repaired by noon today, and testing completed by the weekend.

Attorney-General M. N. Hryhorczuk of Manitoba, said at Winnipeg Tuesday, safety provisions should be written into the company's charter. He said the province has nothing to do with regulating pipeline construction or testing, but it would be a good

thing to test the pipes before they were completely and finally covered for operation.

Mayor H. L. Henderson of Portage la Prairie, said in an interview Tuesday, "there has been some serious neglect somewhere by pipeline officials in laying of the pipeline, either because of defective materials or workmanship."

Mayor Henderson said he told council to be prepared to take emergency action "for the safety of our people" if an explosion occurs within the city limits.

Extension of School Year Under Study

VICTORIA, (CP) — The school year and the school day are too short for secondary schools, many trustees believe. But how to remedy the situation is a puzzle.

That was evident at the B.C. School Trustees' Association convention when delegates received a New Westminster resolution proposing extension of the school year to the end of June with departmental examinations following in the first week of July; and that the secondary school day be extended to 4 p.m.

Dr. Louis Leak of New Westminster said the present school year consists of 186 days of five hours 15 minutes each. If the school day were extended to 4 p.m., students would gain a month each year. Other provinces had a 200-day year, he said. The 20 per cent of students in B.C. who write exams could do so in the first few days of July.

No one raised a voice against his contention; but the application of the longer day and year posed problems for school boards. They pointed out that often bus schedules are arranged to carry elementary as well as secondary students. If the day was extended for the older students, many youngsters would have to wait a long time each day for their bus.

Final decision was to ask the executive to set up a committee to study the problem and to bring in a recommendation a year hence.

Plans Nominating Meeting on Nov. 2

KIMBERLEY, (CP) — Nov. 2 was named by the East Kootenay CCF Association for a nominating convention to choose the candidate for the next federal election.

The convention will be held here preceded by a pot-luck supper at which the Cranbrook association will be host.

In outlining the plan to the general association meeting here, Chairman T. M. Anderson of Kimberley urged the four member associations, Columbia Valley, Cranbrook-Kimberley, Fernie-Michel and Creston to examine candidate possibilities in their own districts thoroughly in the interim for presenting to the convention.

More Realistic Approach Needed By Civil Defence

For many years now Civil Defence in Canada has been struggling for recognition. With masses of literature, demonstrations and exercises officials have endeavored to prove their organization's worth to the public. Throughout the bombardment the man on the street has remained singularly apathetic.

Hard working organizers in many centres have despaired because of their failure. "People just don't care," they say, seeing themselves as prophets crying salvation to a people with deaf ears.

But it is quite within the bounds of reason that Civil Defence organizers are not prophets crying salvation, and that the public remains apathetic largely because they don't believe the message delivered.

In Penticton, Civil Defence plans an exercise for early November. According to press releases the exercise will imagine this city a mass evacuation centre making it ready to receive some 40,000 refugees from Vancouver.

In the exercise Civil Defence workers will use, quoting their own release, "50 to 100 volunteers." Here, surely, lies the main reason behind the public apathy. They realize that such games can never prepare town or city for the horrors of a full scale conflict.

Too many veterans from France and too many survivors of blitzkrieg in England live in Canada for anyone to fool

them with talk of evacuating 40,000 people here and another 40,000 somewhere else—after a push-button war starts.

We have been told by the experts that the maximum time we can expect between an air-raid warning and bomb drop will be two hours. We have also been told by Civil Defence organizers that cities similar in size to Vancouver can be evacuated between warning and disaster. Frankly we don't believe this second statement.

We believe it just a dream that, should hostile forces ever take up arms against Canada, 40,000 people will be permitted to jog pleasantly over the road from Vancouver to Penticton and other Okanagan points.

When Civil Defence concentrates on teaching people how to survive in modern war and publicizes more its rescue workers and radio operators; when it talks more about its positive advantages and less about its theories, then we believe it will come into its own.

As an organization it is needed in peace as well as war. For practical reasons the community will value such a group properly trained and properly equipped to meet any emergency.

Let it stop dreaming then and playing wishful games with hunters seeking meat for 40,000 people plus Penticton's population. Such nonsense will never command respect from the people.

PUTTING OUR CARDS ON THE TABLE

OTTAWA REPORT

Cabinet Struggles To Reduce Taxes

By PATRICK NICHOLSON
Ottawa: Prime Minister Diefenbaker and his wife, Olive, are each attending in their own spheres to the little details which must be prepared for the visit of Queen Elizabeth next month. Mr. Diefenbaker walks across from his East Block office to see the progress being made in redecorating the Senate Chamber, where the Queen will officially open our Twenty-third Parliament. When he arrived, Robert Grob had just finished sewing together strips cut from half a mile of red carpet, specially imported from Germany, to recover the floor of the chamber.

And Mrs. Diefenbaker is considering the familiar problem of every housewife: what to give the family to eat. But her family party on 15th October will be more than that; she will act as hostess to the Queen, Prince Philip and other distinguished guests at the Prime Minister's official Ottawa residence. Suggestions for the menu are being sent to her by Stephen Volotch, normally head chef of Toronto's King Edward Hotel, who will be head chef at 24 Sussex Street, Ottawa, on that great evening. And like every Minister, John Diefenbaker has made a suggestion to his Missus: why not eat Saskatchewan wild duck, which he will go to his home province and shoot for the occasion with his own little gun?

LORD EPPERHANGER
A similar little domestic note from an important family comes from England, where our former Governor-General, Field Marshal Earl Alexander has been helping his wife redecorate seven rooms on their new

home at Windsor. They found that the hardest job was stripping off the old wallpaper. Hardest, maybe, but I speak with bitter personal feeling when I wonder if they found any job so finicky as repainting the storm windows.

NEW HISTORY FOR US
Many competent judges consider that the best history of our country was written for senior students and their parents was "Dominion of the North". Published 13 years ago this was written by our most widely recognized and most highly-honored historical biographer, Professor Donald Creighton, chairman of the department of History at Toronto University.

This month a new edition of "Dominion of the North" has been published by Macmillans. But it is more than a new edition, for Professor Creighton has brought the history up to date by adding a long and interesting chapter on our post-war history. In these seventy-five pages we can already obtain a glimpse of how posterity will assess our immediate post-war decade as well as our conduct of the war.

The profile of Canada written by this two-time winner of the Governor-General's literary medal is a model of historical writing, filled with the facts, based on painstakingly complete research, and in an easy-flowing pleasure-to-read style which we have come to expect from the author of the outstanding biography of our great first Prime Minister, Sir John Macdonald.

THE FAMOUS MAYFLOWER
A flamboyant footnote to early North American history arrived at these shores this summer, and

has ever since been drawing record crowds of sightseers at Plymouth, Massachusetts, and at New York City. This is the British-built replica of the famous little ship "Mayflower", which brought the first courageous Pilgrim Fathers to the new world.

The first Mayflower was a toy of 180 tons, smaller than many a St. Lawrence River ferryboat, yet she brought 102 adventurers and her crew across the Atlantic in 1620. Twelve years earlier, an armada of three ships with a smaller total tonnage had carried Captain John Smith and his first settlers to establish the colony of Virginia. These were the "Susan Constant" of 100 tons, the "God Speed" of 40 tons and the incredible "Discovery" of a mere 10 tons.

But this 20th century replica contains historical inaccuracies in its name "Mayflower II". For the second Mayflower actually crossed the Atlantic with more pilgrims just nine years after the first. It sailed from Gravesend, England, to Naumkeag (now Salem) Massachusetts under the command of Captain William Peirce. Among the unsung heroes aboard was Thomas Willet, who 35 years later became the first English mayor of New York City.

New Member To Be Elected On Milk Board

VICTORIA, (CP) — The long fight by B.C. milk producers for representation on the provincial milk board appears to have ended this week with announcement that elections would be held among producers to fill a fourth seat on the board.

MLA John Tisdale (SC-Saanich) says the government "has complied with the long-standing request" and has sent out notices for nominations to association members in B.C.'s three dairy regions: Vancouver Island, Vancouver and Kamloops.

The notices, mailed Sept. 19, were signed by Premier Bennett as interim minister of agriculture. They notified producers that the nomination deadline is Oct. 7.

WORDS OF THE WISE

Muscle demands of us men and women that we attain a composure and inwardness that will enable us to raise to life something of the deep spirit that lies within it.

VICTORIA REPORT

Rumor Rife on Speaker's Job

By JAMES K. NESBITT

VICTORIA — Now that there's a new Minister of Agriculture, Mr. Steacy of North Vancouver, and nobody has to speculate any more as to who'll get that \$12,500 a year job (plus the \$5,000 seasonal indemnity) everybody's busy in this capital—a great gossip shop, as you know—trying to figure out who the Premier has in mind to be Mr. Speaker.

The Speakership of the Legislature is a pleasant position, of much prestige and authority, not too hard labor, and \$3,000 a year, in addition to the regular seasonal indemnity of \$5,000. So it's a position worth going after, not that going after it will do any backbench S.C. M.L.A. much good. The Premier seldom rewards those of his backbenchers who go after plums.

Alex Matthew of Vancouver-Centre has been deputy speaker in recent years.

But the Premier ignored him when it came to naming a B.C. delegate to the Commonwealth Parliamentary Association meeting in India late this fall. The Premier chose Mr. Thomas Bate, of Vancouver—Point Gray as B.C.'s delegate. Now, this looks highly significant, since it's usually the prerogative of the Speaker to attend such conferences. But the grapevine says Mr. Bate doesn't want to be Speaker; however, that's what they all say.

The latest buzz has as Mr. Speaker, Mr. Frances Xavier Richter, of Similkameen, a quiet, plodding, pleasant fellow, who never makes his presence felt in any gathering, doesn't back-slap or loud mouth, though once you start talking to him you realize he knows a lot more than he lets on.

So, there you have it; it's anybody's guess. In the meantime the Premier looks wise, mysterious, says nothing. He enjoys these guessing games, especially if he can promote them. Usually too, he likes to come up with unexpected answers, ones that confound those who think they're experts.

The Speaker, in theory, is elected by the Legislature. And so he is, in theory, but in practice it's Mr. Premier who chooses Mr. Speaker, and then his choice is endorsed by the Legislature. The Legislature, of course, could turn down the Premier's choice, but it never does.

This is all a lot of the make-believe in which our legislative life is wrapped about. It's called tradition and courtesy among politicians and all that sort of thing.

Mr. Deane Finlayson, the B.C. leader of the Conservatives, who, like Mr. Arthur Laing of the Liberals, can't get elected to the Legislature, a frustrating and embarrassing position for any party leader to be in, is critical of the Premier for naming Mr. Steacy as agriculture minister, not that he has anything against Mr. Steacy, but because Mr. Steacy doesn't come from the country.

Mr. Finlayson thinks a farmer M.L.A. would make a better agriculture minister than an M.L.A. who lives among crowded rooftops and skyscrapers and super-markets.

To be a good cabinet minister a man must be all things to all

The Roots of Commonwealth

"The word 'commonwealth' has a long history and has meant different things to different generations of men. In fact, it moves with the times, just as we like to think our Commonwealth does today," said Charles Carrington, Professor of British Commonwealth Relations at the Royal Institute of International Affairs, in a talk broadcast in the BBC's General Overseas Service.

"When the English language took shape five or six hundred years ago," Professor Carrington said, "the 'common weal' was an expression in general use for 'the public good,' 'the public interest'; and in this sense you can find the word in official documents in the 15th and 16th centuries as well as in books. 'Weal,' of course, is an old-fashioned word which survives in a few phrases like 'weal or woe.' It means 'well-being' or 'prosperity' and the modern form 'wealth' is merely an alternative spelling." In one Act of Parliament of Henry VIII the three variations, 'common weal,' 'common wealth' and 'commonwealth' were all used to express the same idea—the public interest. But even at that time, the word was acquiring a secondary meaning to denote the whole body of people, or society, and so, by an easy transition, the state or the form in which society was organized. The word 'commonwealth' occurred more than thirty times in Shakespeare's plays; and in the days of Queen Elizabeth I it was most often used to mean 'the state.' "However," Professor Carrington said, "when Sir Thomas More wrote his Utopia in 1516, before Elizabeth came to the throne, he had no illusions about the unreality of his imaginary state. In fact, he said, rather cynically: 'While people talk of a commonwealth, every man seeks only his own wealth.'" Sir Thomas Smith, in his standard work De Republica Anglorum, a discourse on the Commonwealth of England, described Plato's commonwealth and More's Utopia as "feigned commonwealths such as never was, nor never shall be." The word, in fact, was familiar enough and people were disposed to compare one

kind of commonwealth with another, to discuss imaginary commonwealths, and to plan new commonwealths overseas.

In the struggles between the Stuart kings and their parliaments in England the word was used by both sides, often in the sense of the civil government as distinct from the Church. Professor Carrington said, and when Parliament had overthrown the monarchy they had declared the Kingdom of England "a Commonwealth and Free State" in an Act of 1649. Within three years that Commonwealth had become a military dictatorship under Cromwell and at the Restoration of Charles II in 1660 the name had been rejected and, owing to its unhappy associations, had gone out of fashion in England for a hundred years. But some of the American colonies, when they had revised their charters as members of the United States, had described themselves as 'commonwealths.'

In Europe meanwhile, one of the world's original meanings—"the whole body of the people"—had been extended to mean 'the civilized world.' "Such expressions as the 'commonwealth of letters' or the 'commonwealth of science' were not unusual. Macaulay referred to the Powers of Europe as a 'commonwealth of nations' and it is in this sense that the word came to be applied to the British self-governing territories." When the six scattered colonies in Australia had federated themselves into the Commonwealth of Australia, no one could have foreseen that Australia herself was to become a commonwealth within a commonwealth. The first use of the phrase 'British Commonwealth of Nations' was generally ascribed to Lord Roseberry, in 1884, but it was not until 1917 that the term 'British Commonwealth' came into its own. "It was used by General Smuts, by Sir Robert Borden, by Lloyd-George; and appeared in official papers. With the aid of this old and historic word, the political transition from Empire to Commonwealth had begun."

Socialism Not Responsible

CCFers and others with leftist leanings like to point to prosperous Sweden as an example of the achievements of socialism working in harmony with a supposedly highly-developed co-operative movement. Socialism, too, is often credited with making possible Sweden's costly and elaborate social security system.

The notion that socialism lies at the root of Sweden's progress is effectively exploded in recent work by Swedish writer, Gunnar Beckman, published by Stockholm Chamber of Commerce in the interest of private enterprise in Sweden and elsewhere.

Using official Swedish statistical sources, Mr. Beckman shows that, measured by value of output, private business accounts for 93 percent of Sweden's total productive output. Measured in terms of workers, he shows that private enterprise provides 91 percent of all em-

ployment opportunities, cooperatives provide four percent, and public undertakings provide five percent.

On an industry-by-industry breakdown, the percentages are no less heavily in favor of private enterprise. 95 percent of the country's lumber output comes from private mills. 62 percent of the iron mining industry is privately-operated. Privately-owned utilities produce 58 percent of Sweden's power needs. 93 percent of Swedish steel output comes from privately-owned mills. So, too, do 92 percent of the country's electrical manufacturers, 90 percent of the shipping tonnage, and 99.2 percent of chemical output. 80 percent of construction is private.

Such figures give the lie to the notion that socialism and publicly-owned enterprise account for Sweden's high living standards.

EDITOR'S FORUM

TO END INFLATION

Inflation is a present threat to the economy of most nations and in France the situation has been particularly acute. So much so that the Government has frozen prices, with few exceptions, in an attempt to stop a renewed surge of inflation.

country. All too often its government, with precarious parliamentary support, hesitates about taking decisive actions. But in this respect it is showing leadership. Is it an example other countries ultimately will have to follow?

DOCTOR NEEDS MORE
Montreal Star

The medical doctor, heaven has to go through long and rigorous training. So complex has medicine become that during the period of medical study he has little time left for extracurricular activities or study in other fields. Yet if he is to become a good doctor and remain a whole person, he must know more than medicine itself. The tragedy is

The Backward Glance

From the Files of Penticton Herald

30 YEARS AGO

Sept. 1907 — P. H. Grant picked three boxes of peaches from trees planted only 16 months earlier. "Any person wishing to have his house wired for electricity may have it done by dropping a card to J. R. Campbell at Kelowna." . . . Jones Brothers of Shingle Creek had dissolved partnership. The farm would in future be run by H. L. Jones.

40 YEARS AGO

Sept. 1917 — The problem of a permanent golf course for Penticton was debated by the board of trade. Secretary Jack Heales said he had received a letter from President J. J. Warren of the KVR in connection with this idea. During the meeting it was stated a temporary course had been built up on the Indian reservation across Okanagan river. Suggestion was that a suitable course be laid out on the recreation grounds (Queen's Park) . . . Kaledon — A community group was working dials overseas. Hedley — C. M. Campbell, Supt. of the Granby Consolidated Mining Co., Phoenix, spent a day going over workings of some properties here. . . . Condition of little Peggy White of Hedley, who had been ill with typhoid, was much improved. Stanley Brown of the KVR staff spent a day with his par-

30 YEARS AGO

Sept. 1927 — The C.P.R. was attempting to salvage five cars of raw silk, valued at a million and a quarter dollars, which had gone into the Fraser river near Yale. Contents of one car was floating down the river. . . . Mrs. G. A. B. Macdonald gave a twenty-five cent tea at the grounds of her home, with proceeds in aid of the local hospital. . . . Mrs. W. A. Woodward won the gold button and Mrs. Roy McNeill the silver button in ladies golf play on the Penticton golf course. . . .

20 YEARS AGO

Sept. 1937 — Urgent need of a sewage system in Penticton had been voiced. Strong complaints about Penticton creek and its stretch were being put before civic and other authorities. . . . C. H. Tupper, MLA for Similkameen said three miles of road had been constructed on the Hope-Princeton link. . . . Mabel Lee and Margaret Moore, two district girls who had disappeared, had been found at Natal, B.C. . . . Mr. and Mrs. J. Cody of Allenby had a narrow escape in a car accident near the Similkameen river. . . .

10 YEARS AGO

Sept. 1947 — Harold W. McInnes of Penticton was named as counsel for the B.C. Douchdubor Inquiry Commission headed by Judge H. Sullivan. . . . The board of trade asked the municipal coun-

MR. AND MRS. DONALD WARD

WEDDING HEADLINES

By TRACY ADRIAN

This year's bride may choose a simple, classically-designed gown and top it with an ornate and unusual headpiece. The one pictured above is a cap of re-embroidered Alencon lace framed and bowed at the center front with satin. It can be purchased in any fabric desired to match the wedding gown, such as tulle or peau de soie. A double fullness veil, fingertip length, of imported silk illusion is included.

SUMMERLAND SOCIALS

Welsh Traveller is a Visitor in Summerland

SUMMERLAND — David Williams of Cardiff, Wales, is visiting at the home of his son, Dr. Bryan Williams, and Mrs. Williams at Trout Creek. Mr. Williams arrived on September 15 having come to Vancouver by way of the Panama or the Orsova, with hands to meet the boat in practically every port. On September 29 he will fly from Seattle to New York to sail for home, and hopes to see "My Fair Lady" while in New York. Mr. Williams has travelled through most of Europe and last year was in Turkey.

He is charmed with the Okanagan and thinks this is as beautiful a spot as he has ever seen in Europe including the Swiss valleys.

Miss Elaine Miller, daughter of Mr. Helen Miller, is entering UBC this fall to take a public health course. Miss Miller is a graduate of the Royal Inland Hospital at Kamloops and has been doing public health work at Coquitlam.

Harry Wainwright of Cobble Hill was a weekend guest at the home of his aunt, Miss Muriel and Miss Violet Banks, Hospital Hill.

William Shaw is a visitor to Vancouver this week.

Miss Helen McKenzie of Vancouver is a guest at the home of Mrs. R. H. Wright.

Mrs. W. J. Dow of Vancouver is visiting at the home of her niece, Mrs. S. A. MacDonald, and Mr. MacDonald.

Mr. and Mrs. Peter Beulah spent the weekend at the home of the latter's parents, Mr. and Mrs. F. E. Atkinson before returning to UBC.

Miss Emily Sutter of Burnaby is visiting at the home of Mr. and Mrs. George Dunston and other members of the Dunston family.

Queen's Park P-TA Holds Meeting

The regular monthly meeting of the Queen's Park Parent-Teacher Association was held Monday evening in the school's activity room with president, Mrs. Fred Kay, in the chair.

Dr. H. Tully, school principal, presented a short address on the school and the new staff members. These new teachers were then introduced to the parents.

The attendance prize was won by Miss Peggy Johnson's class. Following the business of the meeting, Mrs. Maude Adams and Mrs. E. L. Jordan, primary teachers, gave talks on "How Parents Can Help Pupils Become Organized for School."

Refreshments and social hour

Ursula Darling and Donald Ward Are United in Pretty Ceremony

NARAMATA — Okanagan Valley interest was focussed on a pretty ceremony at Ocean Falls, B.C., on Thursday evening, September 12, uniting in marriage Ursula Darling, younger daughter of Mr. and Mrs. Perry Darling of Naramata, and Donald Garnet, younger son of Mr. and Mrs. Albert Ward, also of Naramata.

Rev. John Twining officiated at the impressive double ring rites in St. Paul's Anglican Church decorated for the occasion with baskets of pink and white carnations and gladioli.

The fair-haired bride who entered the church on the arm of Ian M. Wiseman, formerly of Naramata, was given in marriage by her mother. She was charming in a bouffant ballerina length gown of embroidered net over satin and crinolines. A close fitting jacket featured a demure collar and long lily point sleeves. Her chapel veil misted from a pearl studded coronet, and she carried a bouquet of red roses, white heather and stephanotis to complement her pretty bridal attire.

Mrs. Wm. Boykovich of Ocean Falls was matron of honor in an attractive afternoon frock of gold embroidered bengaline fashioned in the princess mode. Her bouquet was styled of pink carnations and white heather.

Neil Prosser of Ocean Falls was best man, and Kenneth Strubbe, also of Ocean Falls, ushered. Mrs. P. Rowe was wedding organist.

A reception followed at the home of Robert Lowther and Mrs. Lowther, the former Miss Madge Gordon of Penticton. Guests were received by the bride's mother, who was attractively attired in a pale blue sheath with red rose and heather corsage, and Mr. and Mrs. Lowther.

The toast to the bride was proposed by Mr. Wiseman and to the attendant by Mr. Prosser. Telegrams and other messages were read from relatives and friends of the young couple in the Okanagan and Trail.

Following a short honeymoon the newly married couple took up residence at Ocean Falls.

Record Attendance at First Fall Meeting of Primary-Elementary P-TA

A record attendance of 125 was present when the 1957-58 executive of the Primary-Elementary Parent-Teacher Association was introduced at the first meeting of the new season on Thursday in the Penticton High School cafeteria.

Officers for this term are Mrs. George L. Sauer, president; Mrs. Joy Johnson, secretary; Miss Barbara Palmer, treasurer; Mrs. Fergus Cullen, program chairman; Mrs. Don Smith, membership; Mrs. Ed. Lloyd, social convener; Mrs. Ralph Flitton, radio program chairman; and Mrs. Gordon Strang, publicity.

Mrs. Fergus Cullen brought forward some excellent ideas for future programs. One suggestion was the formation of adult study groups. These groups would study subjects that aren't available at night school, and it is hoped that they will bring the parents and teachers together with joint interests, rather than always getting together to discuss children and never really knowing each other.

Mrs. P. D. O'Brien, guest speaker from Carmi School, presented the results from the report card questionnaires that were sent out to all parents last spring. These results showed that parents are not satisfied with the report cards now in use. A full report of the survey has been sent in to the Minister of Education.

Principal D. P. O'Connell introduced the new teachers on the staff of the elementary school. They are Miss Margaret Brett, Miss M. B. Lyons, T. M. Foggin, L. A. Proudfoot, and Bill Barlee.

The Eastern Border Conference will be held in Penticton October 18 and 19, attended by delegates from 24 Canadian school districts and Washington. The subject of the conference will be "Citizens in The Making." Mrs. Ralph Flitton is chairman of the committee that will be decorating the cafeteria and arranging the display tables for this conference.

Bill Barlee, who is organizing

junior tennis for 9-12 year old boys, outlined some of the difficulties in making this possible. First of all is the expense, which the cost to each child at approximately sixteen dollars. It is hoped that anyone with rackets that are not being used will donate them, so all these boys will have an opportunity to learn to play.

Book prizes were awarded to Mrs. Grace Webster and David Janzen for having the most parents present at the meeting.

Vice-principal David MacDonald moved a vote of thanks to the P-TA for the T-shirts that were purchased for the elementary pupils to wear at track meets and field days.

The concession stand held at the track meet in June was an overwhelming success with over 900 popcicles, revels and soft drinks being sold in just over two hours.

The program concluded with the showing of film on "Visual Aid In Education." This film depicted the aid that films and radio programs are in the classrooms.

FALL FAVORITE

9296 SIZES 10-18 by Marian Martin

Smart and slim—the ideal dress for college or career! This casual favorite is a cinch to sew with our Printed Pattern. No waist seams—just cinch it to fit! Note the open collar! neat, slimming pocket trim!

Printed Pattern 9296: Misses' sizes 10, 12, 14, 16, 18. Size 16 takes 3 1/2 yards 35-inch fabric.

Printed directions on each pattern part. Easier, accurate.

Send Fifty Cents (50c) in coins (stamps cannot be accepted) for this pattern. Please print plainly size, name, address, style and number.

Send your order to Marian Martin care of Penticton Herald, Penticton, B.C., Pattern Department.

HOUSEHOLD HINT

If you have trouble closing a long zipper up the back of a dress, thread a string through the hole in the top; put the string over your shoulder and pull the zipper closed, with no strain on the dress, zipper, or yourself.

Zippers always should be closed before garments are washed or dry cleaned.

TASTY KIPPER

A tasty kipper served for breakfast will help to start your day right. An easy way to prepare kippers is to cover them with boiling water, simmer over low heat for 10 minutes, drain, and serve with a pat of butter.

If directions say frozen meat should be thawed before cooking, leave the meat wrapped in the refrigerator while thawing. Thawing at room temperature is not recommended since the meat may spoil if allowed to stand for any length of time.

LADIES: READ THIS!

Unwanted hair removed permanently from face, arms, legs, with SANESE. Harmless—leaves skin soft, and smooth. SANESE is Safe, Simple and Scientific. Sold on a money-back guarantee. Price \$3.00 or two supplies for \$5.00 postpaid. C.O.D. — postage extra.

Mrs. DOREEN HOPE & CO., Dept. 6024 Park Ave., Montreal, P.Q.

MARY HAWORTH'S MAIL

Mother Worried About Daughter's Reputation

Dear Mary Haworth: I am a girl, 16. Recently my parents went away for a weekend, leaving me in charge of my brother, 10, and my sister 12.

On Saturday evening, my sister went to spend the night at a friend's house. I went for a walk and met a boy whom I have dated a few times. I invited him back to the house for a snack and we watched TV and talked.

Suddenly I became very ill with an upset stomach and he went to the store for medicine. When I didn't improve he offered to spend the night, and called his parents to tell them. I was ill through the night and know that he didn't get much sleep on the living room couch.

IS MOTHER'S ATTITUDE FAIR?

Next morning he telephoned my girl friend, then went home. When my parents returned I explained what happened; and when mother heard that Joe had spent the night she ranted for an hour about imprudence and my reputation. She then called Joe and soundly told him off.

Now I can't date him any more; and I've received other punishment, even though I told mother he was very kind and we did nothing wrong. Is she being fair or understanding?

STORY TAKES ONE'S CREDULITY

Dear K.D. — This is an odd story. In spots, it takes credulity as, for example, when you say Joe telephoned his parents after you fell sick, to tell them where, and why, he was spending the night.

Such a phone call in those circumstances suggests that Joe is a dutiful son; and the good son usually denotes right-minded parents, who've brought him up responsibly.

Thus it is all the more difficult to believe that good parents of a nice boy would leave him in charge of this type of emergency. I rather think they would have hauled him home on the double-quick, as a matter of moral propriety, when and if briefed on the situation. And would have engineered other arrangements for your overnight care — provided such Samaritanism seemed warranted.

BROUGHT TROUBLE ON HERSELF

However, I'm willing to take your recital at face value. Just on the chance that such a hassle did transpire, and that the foregoing is your concept of what happened. Maybe Joe wasn't fully frank with his parents, as to the name and gender of his sick friend — possibly due to a frightened guilt sense, that reflected your own conspiratorial attitude.

AROUND TOWN

Couple Will Celebrate Golden Anniversary

Mr. and Mrs. T. H. Joy will commemorate their golden wedding anniversary, October 2, with a reception for friends and relatives at their home at Trout Creek, Summerland. They will be "At Home" on Tuesday from 2 p.m. to 4:30 p.m. during the afternoon hours, and in the evening from 7 p.m. to 9 p.m.

Mr. and Mrs. Walter Mitchell arrived from Vancouver on Monday to spend two weeks visiting

their daughter, Mrs. Frank Lyons, and Mr. Lyons.

Mr. and Mrs. C. H. Hinckesman, Lakeside Road, were visitors in Vancouver last week.

Mrs. Gordon Strang, Edmonston avenue, will entertain members of the Evening Guild of St. Andrew's Presbyterian Church, tomorrow at 8 p.m. Business of the evening will include discussions pertaining to plans for participation in the annual congregational bazaar this fall and suggestions in respect to new ideas for the group's yearly program of activities.

Mr. and Mrs. Earl W. Hughes were weekend visitors at Savona with their son-in-law and daughter, Mr. and Mrs. W. A. Christian, and family.

Mrs. Kay Koeman left Monday to spend a three-week holiday in California.

R. G. Reid of Edmonton is visiting in this city with his sister, Mrs. Margaret Young; his brother George Reid; his niece, Mrs. James Hendry, and Mr. Hendry. He is a guest at the home of the latter couple while here. Also visiting with Mr. and Mrs. Hendry are their daughter-in-law, Mrs. W. J. Hendry, and small son Peter David. They will leave this weekend for Winnipeg where Flying Officer Hendry is stationed with the RCAF. Mrs. Hendry and son have been visiting in Seattle with her parents, Mr. and Mrs. Theodore Roscoe, and sister Robin, who accompanied her to Penticton when she arrived here last weekend. The Seattle visitors spent the weekend here prior to returning home.

Teachers, Parents are Tea Guests

Penticton Junior and Senior High School teachers and parents of their pupils were entertained Monday afternoon at tea in the school cafeteria by the High School Parent-Teacher Association.

The friendly and informal gathering was arranged to afford the parents and teachers an opportunity to become acquainted at the beginning of a new school term.

Tea guests were received by P.T.A. vice-president, Mrs. John Bowen-Colthurst, in the absence of president Frank Christian, M.P., for the Okanagan Boundary area.

Arrangements for the very successful "Get-Acquainted" tea were under the supervision of Mrs. Bowen-Colthurst with the assistance of Mrs. Fred Greenwood, Mrs. Irvin Chambers, Mrs. D. W. Harvey, Mrs. Leslie Balla and Mrs. Emil Morgenstern. Miss Georgiana Bowen-Colthurst assisted in serving.

Now a new trick for an old favorite. Top a broiled halibut steak with a thin slice of processed cheese before removing it from the oven. Continue broiling until cheese melts and is flecked with brown.

This ORANGE and COCONUT CAKE is so easy to make!

Prepare
1 1/2 lbs. grated orange rind
1/2 c. cut-up shredded coconut
Sift together twice
1 1/2 c. once-sifted pastry flour
or 1 1/4 c. once-sifted all-purpose flour
2 1/2 tps. Magic Baking Powder
1/2 tsp. salt
Cream
7 tbsps. shortening

Gradually blend in
1 c. granulated sugar
Add, part at a time, beating well after each addition
2 well-beaten eggs
Stir in grated orange rind and coconut.
Combine
1/4 c. milk
1/2 tsp. vanilla

Add dry ingredients to creamed mixture alternately with milk, combining after each addition.
Turn into greased 8-inch square cake pan, lined in bottom with greased waxed paper. Bake in a moderate oven, 350°, 50 to 55 minutes. Frost cold cake with Orange Butter Icing.

You get lighter, more delicious baked goods when you use MAGIC Baking Powder.
Dependable MAGIC protects all your ingredients. Buy MAGIC today!

HANDSOME TRAVELLER
(By ALICE ALDEN)

The knitted costume goes around the clock and is an ideal choice for the traveler, be she commuter or on a world voyage. Here is a new around-the-clock knitted costume that is Italian-inspired. Barbara Carol edges the elasticized midriff of the one-piece dress and the sleeves, collar and jacket with a ridge knit design for nice contrast. Provocative is the dog-leash kid belt complete with identification disc. The frock has a four-button closing from the neckline and short sleeves and it peeks with navy a wrinkle.

IDA JEAN KAIN

Make Calories Count For Positive Health

In this age of easy living everybody counts calories, more or less—but the "keep young" technique is to make those calories count for positive health.

You get out of a diet exactly what you put into it. While reducing, the body requires just as much, high quality protein, minerals and vitamins as when on full fare. In short, when you budget calories, which you must do in order to lose, make sure to spend your calories wisely.

Fortunately, the protective foods which furnish the nutrition essentials are not the weight makers. You can reduce any amount of excess fat without drawing on vital tissue or draining your vitality. The science of nutrition is wonderful! By applying this newer knowledge of nutrition to daily meals we can extend the prime of life and stay young all through middle age, which by the way is from 40 to 70. That promise is as exciting as finding the fountain of youth in middle age!

So back to the vital nutrients... all foods furnish calories, but some foods are rich sources of essential nutrients and for that reason they are termed protective. Since these protective foods are needed to make good the wear and tear of daily living, they must form the backbone of a safe reducing diet. Here they are again... lean meat, fish and fowl; milk, skim milk or buttermilk; cheese, cottage cheese, eggs; vegetables, including green leafy and yellow, fruits, including a citrus fruit daily; whole grains in cereal and bread.

Kitchen Clean-Up Simplified

Housewives may soon be able to buy many household supplies in containers which look like ordinary tin cans but which dispense their contents at a squeeze.

Already appearing on Canadian grocery shelves are flexible polyethylene "squeeze cans" of liquid detergent. There's no cap to unscrew, no drip in pouring. You just flip the plastic cap off the nozzle and squirt!

The manufacturers suggest that one squeeze puts enough detergent into a frying pan to cut the grease and start the cleaning action. A couple of squeezes do the trick for a dishpan full of dishes.

Now while science and business are working on the kitchen clean-up problem they might tackle the production of throw-away dishes that look like Wedgwood!

Some Excellent Hints on Good Grooming for Your Car

By ELEANOR ROSS

Isn't it wonderful to drive around with the convertible roof down? But isn't it dreadful to survey the damage done to the convertible at season's end?

Here are some excellent tips on car grooming.

Leather seat coverings should be checked, especially the seams. Although stitch holes may be in good condition, threads may have weakened and deteriorated. Rotted threads should be removed and nylon threads used in restitching.

PROFESSIONAL JOB

If seams have come apart in large areas, then it is best to have a professional job and the stitches done by machine. The cost for a seam eight to ten inches long is

about eight dollars.

Frayed seams, often found in the corners of back seats, require only minor hand-stitch repairs which cost about two dollars for each seam.

To refurbish fabric upholstery, begin by removing all loose dust and dirt with a stiff brush, followed by a thorough vacuuming.

USE WITH CARE

Cleaning fluid can be used on rayon and wool upholstery, but it should be used with care. Otherwise, it tends to loosen rubber backing and deteriorate foam rubber padding.

Nylon cloth usually brightens up with a light soap and water washing. To remove stains from fabric upholstery, apply a soap and water

sponging. Then gently rub a little cleaning fluid over the area, if necessary. Blot up the cleaning fluid quickly to avoid rings.

Oil, grease, chewing gum and tar stains should be loosened by moistening with a cleaning fluid. Scrape off the excess and reapply cleaning fluid until spot disappears.

Soap and water is best to keep up the appearance of leather coverings. Just dampen a wad of cheesecloth in lukewarm water and wring it out. Rub on a cake of mild soap to form a mercuric leather. Shampoo the leather in working areas of about two square feet. Follow up with a clean cloth.

Repeat process, if necessary. This treatment should suffice for

most stains.

If leather is pleated, rub in the direction of the folds, but take special care to remove soap from seams. Buff to a high sheen, using clean, dry cheesecloth.

There's no need to use saddle soap, wax, polish, oil and nail polish remover, naphtha, varnish, household cleansing or bleaching agents to keep car upholstery in good condition.

Brown the pieces of meat or poultry you are using in a stew, to give it an extra good flavor.

BARDINE SALAD

Here's a September sardine salad with a-peel. Drain 2 cans of Canadian sardines and break into chunks. Combine with ½ cup of chopped celery and 1 cup chopped apple with the red skin left on, which has been sprinkled with 1

tablespoon of lemon juice. Add ¼ cup of your best cooked salad dressing, toss, then heap into 4 crisp lettuce cups.

HOUSEHOLD HINT

If you remove the label from your instant coffee jar, it's easy to see when it is time to reorder.

VEES SEASON TICKET HOLDERS WILL GET TWO FREE GAMES

Hockey fans who buy all five series of Vees' season tickets will get two free games when they purchase the final series, the hockey club announced today.

Ticket prices will be the same as last season with the seats in the four middle sections on each side of the arena selling for \$1.25. Previously only seats in two middle sections were sold at \$1.25.

All other seats will sell at \$1.15 and standing room will be \$1.00.

Tickets for the exhibition games against New Westminster, Oct. 4 and Victoria, Oct. 7 will go on sale the day of the game. Last season's ticket holders, however, will be given a chance to get their usual seats for the exhibition games.

Advance tickets may be bought at the Hudson's Bay store on or after Oct. 1.

Splendid Splinter Improves With Age

By ASSOCIATED PRESS

Somewhere finally got Ted Williams out.

The Boston Red Sox slugger, who returned to action Sept. 17 after a bout with the flu, had made 16 consecutive trips to the plate before Washington's Hal Griggs got him to ground out in the first inning Tuesday night. But the next time up the big thumper slammed the fifth home run since his return. It proved to be the winning run in a 2-1 Boston decision.

In the only other American League game, Chicago White Sox eliminated from the pennant race Monday night by Kansas City, edged the Athletics 7-6.

DROPS A POINT

Williams' homer was his 38th of the season and left him three behind league-leading Roy Sievers of Washington. He later struck out and walked, and his batting average dropped a point to .384, still 19 points ahead of Yankee Mickey Mantle in the batting race.

Boston got their other run when winning pitcher Frank Sullivan and Jim Piersall singled. Sullivan hurled a five-hitter for his 14th win.

Earl Battey was 3-for-4 and drove in two runs with a homer for Chicago. Nellie Fox also contributed three hits as Sox scored all their runs in the first four innings to help Don Rudolph to his first win.

Rudolph relieved Bill Fischer after A's had scored three runs in the first two innings and held them to one run and four hits the rest of the way. Wally Burnette lost it.

Yacht Club Completes Work On Clubhouse

The Penticton Yacht club now has a club house. Final renovations and improvements are being made to the building that the club moved to the lakeside and located on piles out over the water.

John Glass, Yacht club secretary, who was in charge of the clubhouse moving project, reports that response to appeals for help have been good and as a result the building has cost the club less than \$100 to date. This includes obtaining and driving piles and moving the building.

"To say we are happy about it is putting it mildly. The response has been terrific from members and Penticton firms which have donated material or equipment for the project," Mr. Glass said.

The Penticton Saw Mill helped with the piles, Dutton and Williams donated the use of a low bed truck for moving the building and Contractor Joe Kloster worked every night and all day Sunday for over three weeks to supervise the moving job without charge. Jim Bissett donated use of his pile driver.

"Without this kind of help we could never have accomplished as much as we have," the club secretary reported.

Mr. Glass also paid tribute to several members of the club who worked many hours without pay to help. They are Paul Leir, Frank Morgan, Jim Woodside and many others.

About four or five hundred dollars will be spent fixing up the building for use by Yacht club members with work already under way. The building was purchased for one dollar from Dr. Earnshaw, Penticton, B.C.

Hank Sparks Braves With Grand-Slam

By ASSOCIATED PRESS

If Hank Aaron can keep his big bat booming it may mean trouble when Milwaukee Braves and New York Yankees start swinging in the world series next week.

The Milwaukee outfielder, who hits in spurts, is on a whale of a ride at the moment, bating .415 with four home runs and 12 runs batted in a 10-game hitting streak. And it's no coincidence that his streak overlaps the eight-game string of victories that brought Milwaukee the National League pennant.

When Hank hits, the Braves breeze.

Aaron's two-run homer in the 11th nailed the pennant in Monday's 4-2 victory over St. Louis, and it was his first major league grand-slam home run that made Tuesday night's 6-1 decision over the second Place Cardinals a cinch.

KEEPS HOMER LEAD

It was Aaron's 44th home run of the year — his third in three days — and kept him in the major league lead while southpaw Warren Spahn, Milwaukee's probable choice for the world series opener a week from today, won his 21st.

With the pennant decided, the rest of the National League clubs scrambled for the leftovers. Brooklyn Dodgers, playing what probably was their last game in Ebbets Field, nailed no worse than a share of third with a 2-0 victory over Pittsburgh. Cincinnati clinched fourth and stayed in contention for a third-place tie by beating Chicago Cubs 4-3 and 11-9. Philadelphia's fifth-place Phillies defeated New York Giants 5-0.

Aaron's big homer came in the first following a pair of singles and a walk off Sad Sam Jones. Spahn beat the Cards with a five-hitter, giving up the run in the third when Stan Musial doubled and Del Ennis singled. It was Spahn's 224th victory of his career.

FIVE-SINGLE JOB

Rookie southpaw Dan McDevitt winning his first in Ebbets Field as the Los Angeles-hitting Dodgers played their last home game, gained his second shutout with a five-single job on Pirates. He struck out nine, four in a row at one stretch, for a 7-4 record. Pittsburgh's Bennie Daniels, a right-hander making his first major league appearance, was the loser.

Bob Thurman drove in four runs for Redlegs in their sweep while Wally Post homered in both games. Thurman's single broke a 3-3 tie in the first game fourth and his two-run homer triggered a clinching three-run nightcap fifth. Ernie Banks belted his 43rd home run for Cubs.

Curt Simmons won his 12th with a four-hitter for Phils. Bob Bowman's two-run single settled it against rookie Curt Barclay of Giants in the first inning.

SUGAR RAY UNDECEDED

NEW YORK (AP)—A Sugar Ray Robinson-Carmen Basilio rematch in June probably will emerge from the smoke screen of conflicting reports following Monday night's bitter 15-round brawl at Yankee Stadium.

BRAVES' BIG GUNS

Centerfielder Hank Aaron (left) and third baseman Ed Mathews of the Braves are seen comparing their war clubs which have earned them a lot of glory in Milwaukee this season. They were the big guns in the Milwaukee attack as the Braves won the National League pennant.

Yanks Bullpen Is Big Factor

NEW YORK (AP)—World series experience and better relievers should give New York Yankees the pitching edge over the Milwaukee Braves in baseball's championship competition opening a week from today in Yankee Stadium.

Of the 10 Milwaukee pitchers eligible for the battle between the pennant winners, only Warren Spahn has worked in the series. He won one game and lost one in 1948.

On the other hand, every Yankee hurler except Bobby Shantz, Art Ditmar and Al Cicotte has seen action in the post-season classic.

BULLPEN POWER

The Yanks' bullpen strength may be an important factor with Bob Grim and Bob Turley the chief firemen. Grim has won 12 games and saved 14 others. Manager Casey Stengel has shown relieving ability and Bob has come through with several excellent late-inning performances.

Milwaukee's best relief pitcher in the last three months has been rookie Don McMahon. But neither he nor Gene Conley, who came effectively to the rescue of starting teammates in a few key games, rate with New York's top men.

Managers Stengel and Fred Haney probably will not announce their starting pitchers for the opening game until next Monday. The naming of pitchers for the second and third games also will be on a day-to-day basis.

But here's the way the pitching lineup for the first three games looks at this time.

First game — Spahn 21-10 vs. Whitey Ford 11-4.

Second game — Lew Burdette 16-9 vs. Shantz 11-5.

Third game — Bob Buhl 18-6 vs. Tom Sturdivant 15-6.

There is no denying that Spahn, Burdette and Buhl are three of the best pitchers in the game. Together they have accounted for 55 National League victories, including Spahn's 21st Tuesday night. Sturdivant is the Yanks' top winner.

LIKELY LINEUP

The Yankees' staff is in its healthiest state of the year. Ford's ailing left arm, which kept him

out of the rotation for almost two months, is back in shape and he has looked as good as ever in recent starts. The arm miseries of Don Larsen, who might start in place of Shantz, also have disappeared and so has Shantz' pulled side muscle.

Alouettes Put Johnny Majors On Waivers

MONTREAL (CP)—Johnny Majors, all-American tailback from the University of Tennessee, was put on waivers Tuesday by Montreal Alouettes of the Big Four.

Majors went home to Huntland, Tenn., to await an army call-up in January. He intends to enroll again at Tennessee University to get his physical education degree and possibly join coach Bowden Wyatt's coaching staff there after his six-month stretch in the army.

He weighs only 167 pounds. At Tennessee he was considered an all-round passer, runner and kicker, but in six games with the Alouettes seemed unable to break way for long gains.

MEMORIES DIE HARD

Gloom Gathers in Brooklyn as Dodgers Say Final Farewells

BROOKLYN (AP)—Ebbets Field looked the same as always today. The admission price signs still were hanging. The flags of the eight National League teams still wafted in the Flatbush breeze. Even the tarpaulin was spread across the infield.

There was one big difference, though. It was a ghost ball park. Barring the unforeseen, the Brooklyn Dodgers never will play there again. Only the official signing of contracts stood between them and moving to Los Angeles next year.

To a man the Dodgers were sad at the thought of leaving the little ballpark.

"It's an eerie feeling," admitted Duke Snider, who resides in California.

STILL HOPEFUL

Roy Campanella refused to give up hope that the team would stay in Brooklyn.

"Gosh, I hope last night's game wasn't our last one in Brooklyn," said the usually jovial catcher,

AGAINST LAST-PLACE LIONS

Stamps Try to Regain Winning Ways Tonight

CALGARY (CP)—Calgary Stampedeers are aiming for two things tonight when they tangle with B.C. Lions in the first mid-week regular-schedule Western Interprovincial Football Union game ever played here.

The first is to discover whether Wednesday night football games are better drawing cards than Monday night contests since Monday is considered by some to be a poor sports night.

The second, and maybe an overall solution for both, is to end a four-game losing skid that has many fans frankly dropping off the Stampede bandwagon.

Coach Otis Douglas admits he's puzzled over the losses. Calgary won four straight games — two against B.C., one against each of Edmonton Eskimos and Saskatchewan Roughriders — before collapsing in the next four, against Edmonton, Winnipeg, Saskatchewan and Winnipeg.

"Why are they making these mistakes?" Douglas pondered Tuesday in blaming the last two defeats on bad breaks and mistakes, in part.

TOO MANY MISTAKES

"I expected mistakes like these in the early games, but shouldn't the Stampede get better as the season goes on? We have made mistakes that a club cannot make in this league and expect to win."

He pointed to a sagging offensive as a reason for the club's recent failure. A balanced attack is needed and "so far we have not had it."

On the ground Calgary has looked fair in the last few weeks. But in the air their pass receivers have left the impression they are suffering from "Asian dropsy."

Douglas didn't blame quarterback Jim Finks and Knobby Winkowski for the sputtering aerial attack. The receivers have left "sure things" through their fingers.

To add to the woes, club officials have reported a flu outbreak spreading through the team. At least 12 players were affected, leaving the lineup for tonight's game undecided.

IN TOUGH SPOT

In third place, still four points ahead of Saskatchewan, Calgary may be able to sew up the last playoff spot but it seems they will do it in a back-in fashion.

Both Winnipeg Blue Bombers and the Roughriders have built up in power at the half-way mark in the WIFU schedule. Esks are as potent as ever. But two possible victories may come at the expense of last-place Lions.

Douglas said he is looking for players being released by National Football League clubs. If they

can help, Stamps will go after them.

Meanwhile, a Canadian end and place kicker, Bud Korchak, arrived in the city Tuesday for a tryout. Korchak was released by Ottawa day after playing with Montreal Rough Riders of the Big Four Mon-Alouettes in 1956 and Winnipeg several seasons before that.

Bill Jennings from the Washington Redskins is expected to plug up a serious weakness at centre,

left when import Chuck Zickfoose was sidelined with an injury four games ago. Zickfoose will probably be out for the season.

General manager Bob Masterson said Korchak likely will be dressed for the game and possibly Winkowski who has just recovered from a half Jim Morse may be ready to play but end John Pyeat, with a sore shoulder, is expected to miss the game.

YVON FAVORED

Durelle Faces Tough Test in Tonight's Bout With Besmanoff

DETROIT (AP)—German heavyweight Willi Besmanoff has the advantage in height and reach and a chance to upset Canada's Yvon Durelle's title plans when the two meet tonight in a 10-rounder at Detroit's Olympia Stadium.

But Durelle, a stocky French-Canadian who owns three fishing boats in Baie Ste. Anne, N.B., is favored to whip Besmanoff in this over-the-weight match that will be televised and broadcast.

Durelle, a busy fighter who this year has had six victories and a

draw with New York's Tony Anagnostis, may be the next light-heavyweight to challenge Archie Moore for the championship if he can record a decisive victory over Besmanoff.

The German boxer, whose biggest win in the United States is a decision over Pittsburgh heavyweight Bob Baker, will weigh about 183 pounds.

TIGHT BATTLE

Anthony and Durelle staged one of the best fights Detroit fans have seen in the last few years and there was a roar of disapproval when the draw decision was announced.

Anthony went from that fight to last Friday night's bout with Moore and was a seventh-round knockout victim. Moore immediately announced he would like to meet Durelle within six weeks.

"Archie is funny, you know," said Durelle. "Maybe he means what he says and maybe he doesn't. When the time comes though, I shall be prepared."

Durelle claims to have fought more than 100 times professionally, although the record book gives him credit for 42 victories in 59 bouts. Besmanoff has won 36 of 51. Durelle has knocked out 21 opponents and Besmanoff 14.

WITH EIGHT TOUCHDOWNS

Gerry James Leads WIFU Scoring Race

WINNIPEG (CP)—Fullback Gerry James of Winnipeg Blue Bombers has plunged into the lead in the individual Western Provincial Football Union scoring race. Statistics compiled by The Canadian Press Tuesday night showed that James, the most valuable Canadian player of 1954, has 48 points on eight touchdowns. He led Edmonton Eskimos' Joe Mohn by four points, at the half-way

JOHNNY BRIGHT

mark of the season. Each team has played eight games. Mohn, place-kicking end for Esks, moved into second place with 44 points on one touchdown, 22 converts, five field goals and a single.

Eskimo quarterback Jackie Parker, who led the scoring race last week, and hard-charging Esk fullback Johnny Bright, were tied for third place with 42 points. Each has scored seven majors.

Bomber quarterback Kenny Ploen took over fourth spot with 30 points, on five touchdowns and nine converts. He was followed by Saskatchewan fullback Bobby Marlow who has 30 points on six touchdowns.

Three players, Normie Kwong of Edmonton, By Bailey of British Columbia Lions and Kenny Carpenter of Saskatchewan Roughriders, are tied with 30 points on five touchdowns.

Guard Reggie Whitehouse of Riders and halfback Leo Lewis of Bombers round out the leading scorers with 24 points each. Whitehouse has kicked two field goals and 18 converts and Lewis has gone over for four touchdowns.

Only Calgary Stampedeers, in third place in the WIFU, failed to place a man among the leading

GERRY JAMES

AGAINST NATIONAL HOCKEY LEAGUE

Players Plan Legal Action

ST. CATHARINES, Ont., (CP)—The National Hockey League Players' Association, refused action Monday on its demands for pension and television rights, plans legal steps to make the league negotiate grievances.

Ted Lindsay, president of the association, said at the Chicago Black Hawks training camp here Tuesday that he has asked the association's lawyers "to test the reasons why the league cannot negotiate between us and our grievances."

He said the lawyers would "file

charges against each of the owners and the league" accusing them of violating the law which requires employers in both Canada and the United States to bargain in good faith with representatives chosen by their employees.

NHL President Clarence Campbell said the NHL failed to act at a meeting in New York Monday because the Toronto and Montreal clubs, operating under Canadian laws, could not concede to the league the right to conduct negotiations on their behalf.

In Toronto, Stafford Smythe,

chairman of the Maple Leaf Gardens hockey committee, said the Leaf organization feels it cannot deal with the players association as presently constituted.

LABOR BACKS PLAYERS

The Maple Leaf organization came under heavy fire from organized labor in Toronto.

W. F. C. Kidd, president of the Ontario Federation of Labor, said "It seems that when Toronto and Montreal are mentioned as the clubs blocking negotiations, it all comes back to the Toronto club. Some of the people in that club

are well-known for their anti-union sentiments."

Kidd promised the association the support of the OFL's 500,000 members.

In New York, J. Norman Lewis who represents the players association, refused comment on the possibility of legal action.

"We have received no official communication from the attorney for the NHL," Lewis said. He felt the NHL would be in touch with him later this week. "There's no sense in sounding off until the communication is received," he added.

Detroit Signs Young Negro Puck Chaser

SAULT STE MARIE, Ont., (CP)—John Utendale of Edmonton Tuesday became the first Negro to sign a contract with the Detroit Red Wings' organization when he signed with Edmonton Flyers of the Western Hockey League.

The 20-year-old centre who last year played for Edmonton's junior Oil Kings, stands six feet tall and weighs 180 pounds.

Also signed for Flyers are forwards John Hendrickson, Gerald Kinasevich, Val Fonteyne and Dennis Olser.

Detroit and Edmonton will play and Sunday at Detroit in the only Saturday at St. Thomas, Ont. Detroit exhibition game before the Wings' season opener against New York Rangers, Oct. 10.

FLU STRIKES

LONDON, (AP)—Influenza crippled two more English soccer teams Tuesday making a total of 18 clubs riddled by illness.

First division Everton reported that eight first team players were down with the flu. Third division Millwall reported four players stricken.

Canadian Plays For Czech Hockey Club

PRAGUE, Czechoslovakia (Reuters)—A top-ranking Czech hockey team today signed Canadian Maritimer Bill Horner for the coming season.

Horner, 31, of Dartmouth, N.S., works as a clerk in the Canadian legation here.

He will play right-wing for the Spartak Sokolovo in Czechoslovakia's major hockey loop.

"I haven't played for over a year now but have tried to keep in shape by skiing and skating," he said.

Horner, tall and black-haired, practices for two to three hours a day. He had planned to play in the season's opener today but said he'd sit the game out because he isn't yet in shape.

"I don't want to let them down," he said.

Horner said he thought other Westerners would be welcome on Czech teams.

The Canadian's wife and daughter are with him in Prague.

RENO, Nev., (AP)—Reno gamblers expect New York to take the world series from Milwaukee — the Yankees are favored in 17 to 10 odds posted Tuesday by the Reno Turf Club.

THE PENTICTON HERALD
Wednesday, Sept. 25, 1957

NEW QUARTERBACK in Toronto Argonauts' camp, southpaw Fred Wyant, above, will be vitally interested in the play of Tom Dubinski. If the injury-hampered regular pivotman fails to produce his long and winning passes of old, Wyant may step into The Dubber's first-string berth. A good runner, passer and ball-handler, Wyant, from West Virginia, was recently cut by Washington Redskins.

Denver Bears on Hitting Spree

DENVER (AP)—The Denver Bears belted 15 hits, including two homers, to crush Buffalo 16-5 in the first game of the little world series.

This gave the American Association playoff champions a game edge in the best-of-seven series.

Five Buffalo pitchers failed to halt the Bears who had two five-run innings. Norm Siebern and Jim Pisoni hit round-trippers for Denver.

Righthander Ben Flowers stopped the International League Bisons until the eighth, when singles by Rod Graber and Dave Melton and a walk to Luke Easter set up

the game's biggest blow.

It came with two out and the bases loaded, a homer by Lou Ortiz.

The second and third games of the series will be played here, with the remaining contests in Buffalo.

WON'T FOLD

MONTREAL, (CP)—Managing director Frank Selke of Montreal Canadiens said Tuesday the St. Boniface Canadiens will continue to operate on the say-so of the Canadian Amateur Hockey Association.

Weightlifting

TEL AVIV, Israel (AP)—Olympic champion Isaac Berger of Santa Monica, Calif., broke the world featherweight record by lifting 258 pounds in an exhibition at the closing ceremonies of the Jewish Olympic Games Tuesday.

The 21-year-old Jerusalem-born weightlifter, whose family emigrated to the U.S. 16 years ago, bettered the existing record by 11 pounds.

Some 50,000—10,000 more than at the Maccabean opening nine days ago — attended Tuesday's show which also featured group and individual displays by many of the Maccabean gold medalists.

HE LOST HIS SHIRT

... and all his family's clothes and his home. Total losses do occur and when they do it's a real setback without adequate insurance.

Be sure that you have enough insurance to protect yourself from a big loss as well as a small one.

Consult your local independent Insurance Agent or Broker. He can arrange coverage suited to all your needs because he represents not one but several companies.

LEGALS

Form No. 13 (Section 40)
"LAND ACT"
Notice of Intention to Apply to Purchase Land

In Land Recording District of Kamloops. On the northwestern end of Otter Lake, approximately 5 miles north of Tulameen, B.C.

TAKE NOTICE that NORMAND JACK WILCOCKS of 4315 Capilano Road, North Vancouver, B.C., occupation, Machine Sales Engineer intends to apply for permission to purchase the following described lands:

Commencing at a post planted on the northeast corner of Block C of Lot 1741 YDND thence west to northwest corner of Lot 1741 YDND; thence 10.6 chains north thence east to northwest corner of Lot 363 KDND; thence 10.6 chains south to planted post, and containing 5 acres, more or less.

The purpose for which the land is required is summer camp.

(Signed) N. J. Wilcocks.
Dated September 1st, 1957. W110-128

IN THE SUPREME COURT OF BRITISH COLUMBIA

IN THE MATTER OF THE "NOTARIES ACT"
Chapter 240 of the Revised Statutes of British Columbia, 1948

—and—
IN THE MATTER OF AN APPLICATION FOR ENROLMENT BY
LEONARD ALBERT NEAL

APPOINTMENT
I HEREBY APPOINT Thursday the 17th day of October A.D. 1957, at the hour of 10:30 o'clock in the forenoon or as soon thereafter as Counsel for the applicant may be heard, at the Court House, Vancouver, British Columbia, as the time and place for the hearing of the application of Leonard Albert Neal to be enrolled as a Notary Public to practise in the Town of Keremeos and within an area of twenty-five (25) miles from the centre of the Town of Keremeos, in the Province of British Columbia.

AND I HEREBY DIRECT that publication of this appointment shall be made in a newspaper circulating in the area, and shall be published once a week for two consecutive weeks.

DATED at Vancouver, B.C., this 17th day of September, A.D. 1957.

C. A. MENEZES,
DISTRICT REGISTRAR

TAKE NOTICE of the above appointment and TAKE NOTICE that in support of the application will be taken the evidence of the applicant LEONARD ALBERT NEAL viva voce on oath.

Standardization of parts and fittings is the theme as NATO sea power refuels at sea during exercise "Sea Spray." The USS Wacamaw, a fleet oiler, prepares to take the Canadian escort destroyer HMCS

Ottawa (background) alongside while pumping fuel to the attack carrier USS Forrestal. Canadian and United States' ships conducted training exercises while en route to the eastern Atlantic area to participate in NATO exercises.

SUMMERLAND NEWS

Court of Revision Planned for Nov. 1

SUMMERLAND — Court of revision for the voters' list will be held on November 1 at 2:30 p.m. in the municipal hall with the Reeve F. E. Atkinson and Councillors F. M. Steuart and Eric Tait in attendance.

It was mentioned at Tuesday's council meeting by G. D. Smith, municipal clerk, that under the new Municipal Act, those people running for municipal office are required to have their name on the voters' list the previous year or they are unable to qualify.

It was also stated that preliminary estimates for the first six months of next year have to be sent to Victoria by the end of November under the new act.

TO SUBDIVIDE
A. W. Nisbet will be allowed to subdivide his Trout Creek property now serviced by a 20 foot road. The council accepted this recommendation submitted by the Town Planning Commission.

The commission considered a 40 foot road desirable but did not think Mr. Nisbet should be penalized in being made to purchase land to provide one.

A suggestion was made that owners in the area be approached to co-operate in the matter. The convenor of the real estate committee, N. Holmes, was asked to contact one or more residents who have adjacent property.

UBOM DELEGATES
Reeve F. E. Atkinson, councillor F. M. Steuart and clerk G. D. Smith were authorized to vote for the corporation of Summerland at

the UBCM convention to be held at Nelson September 25-26-27.

APPLICATIONS
Electrical applications have been accepted by council from Ronald J. Dixon, P. W. Mihelec, J. P. Mihelec, J. P. Sedlar, John Dunn and Miss B. Braun.

Domestic water applications have been authorized for Philip Schindler, P. W. Minchin, D. E. Agur and R. J. Dixon.

Club Prepares For Big Square Dancing Season

SUMMERLAND — Summerland Squares and Pairs dance club is enthusiastic about the coming square dance season. A full winter of entertainment is scheduled.

A "Get Acquainted" dance on Thursday evening, September 26, is planned with Les Boyer as instructor of a workshop.

Mr. Boyer will be giving basic instruction in square dancing.

A short summary of square dancing in Summerland and an outline of this year's activities will be presented during the evening.

All dancers and those wishing to learn will be welcomed at the Youth Centre at 8 p.m.

Outlines Park Improvements

SUMMERLAND — Improvements are planned for Peach Orchard Park as outlined at Tuesday's council meeting by E. H. Bennett, secretary of the Park's Board.

Mr. Bennett said another washroom is being started and a pump and motor will be purchased to pipe water throughout the area.

From surplus funds received this year and anticipated next year, it is planned to build a bathhouse with showers.

Mr. Bennett reported blacktopping of roads in the Peach Orchard cemetery and mentioned ideas for maintaining the paths.

Buckles and bows abound on the new shoes. Some are flat, and tailored looking; others are reminiscent of Pilgrim shoes, apparently an influence of the Mayflower II.

Urges Probe Into Pipeline Stock Profits

OTTAWA (CP) — Railway union leader William J. Smith says he believes the feeling is general in labor circles that a royal commission should be set up to investigate "huge profits" by investors in companies developing the trans-Canada pipeline.

Mr. Smith, president of the Canadian Brotherhood of Railway Employees, C.R.C., made public a letter to Prime Minister Diefenbaker in which he asked that a commission be set up to make known "all aspects and financial ramifications" of Trans-Canada Pipe Lines Limited and associated distributing companies.

Mr. Smith said in an interview his feelings in requesting the commission are, "not out of tune with the rest of labor."

He said he does not anticipate a reply from Mr. Diefenbaker until the end of the week.

The bidding:

South	West	North	East
Pass	Pass	1NT	Pass
3♦	Pass	3♦	Pass
4♦	Pass	4♦	Pass

Opening lead—three of hearts. When we met the Canadian team in the recent national Masters' Team of Four championship held in Pittsburgh, Bruce Elliott of Toronto performed excellently in the accompanying hand.

Bruce sat South and responded to his partner's (skimp) no-trump bid with three diamonds. A five diamond contract was eventually reached and I (West) led a heart.

An examination of the four hands reveals declarer has a spade and two clubs to lose. That was Elliott's view also, seeing only two hands. His problem from the beginning was to cut off one of the

losers, if it could be done. He played the hand just as though he had seen our cards. The heart was taken with the ace and a heart was led back and ruffed. It was the first step in a well-planned campaign.

Dummy was entered with a trump and the jack of hearts was ruffed. Now a spade was led and I had to take the ace.

I returned the ten of diamonds, won in dummy. Trumps having broken, Elliott cashed the K-Q of spades, shedding two clubs, and ruffed the ten of spades.

By now, dummy and declarer each had a trump and three clubs. The spades and hearts had been cleaned out of both hands.

The ace of clubs was cashed, felling my jack, and a club was led back, which brought forth the queen. My partner, Crawford, could not afford to overtake, so I found myself on lead at trick twelve.

Having only hearts left, I led one, and Elliott's other club loser disappeared as he ruffed in dummy and discarded the ten of clubs. Crawford's club king was left hanging on the vine.

The play by Elliott illustrates how it is possible for declarer to capitalize on a good plan and good breaks. The contract required some luck to be successful, but it also needed a skilled manager.

Tomorrow: The aim is to run declarer out of trumps

Your Horoscope

THE STARS SAY —By ESTRELLITA

FOR TOMORROW
 THIS day's aspects are highly generous where social activities are concerned; also for making new friendships and business contacts. Be careful of money and other properties, however, since carelessness could lead to unfortunate losses.

FOR THE BIRTHDAY
 If tomorrow is your birthday your horoscope indicates that from now until the end of 1957, you may have to work a little harder than usual to achieve your goals but that the additional effort, especially during October, will be well worth while. Use caution in monetary matters, too. Avoid extravagance during November and try not to become involved with

friends or family in financial deals. They probably will not turn out as profitably as presented. Personal relationships will be under generally good aspects during the coming year, and those with inventive leanings should find the months ahead highly stimulating. Look for some interesting social developments during the next three months; a chance to travel between next June and September.

A child born on this day will have an agreeable and gentle personality but may incline toward moodiness at times.
